SAFETY POLICIES & PROCEDURES

We are absolutely committed to creating the safest environment for students and leaders at Rush Creek. We believe that the more people who know our child protection guidelines, the safer we become as an organization. Our policies include oversight in areas including:

- Leader Selection Process | Background Checks | and Child Protection Trainings

- Guidelines with leader and student interactions in all areas including social media, texting and non-programming activities.

- Peer-to-peer interactions that limit bullying and abuse of any kind.

- Promoting an environment that students can report anything they feel is suspicious or situations that can be harmful to themselves or others.
